SUMMARY

Backend Developer Intern at MatchBest Group with experience building and maintaining production-level applications. Skilled in Node.js, REST APIs, database management, and third-party integrations. Contributed to real-world systems including logistics migration, CRM integrations, and admin platform development.

EXPERIENCE

Backend Developer Intern

Dec 2025 – Present

MatchBest Group

- Contributed to backend development of multiple production-grade applications including **Mobiking**, **Cavakil**, **AVA CRM**, and HRMS systems.
- **Mobiking (E-commerce Platform)**: Migrated logistics APIs from Shiprocket to Delhivery, improving shipment processing and tracking reliability. Implemented *Forgot Password* functionality and resolved critical issues in the admin panel to enhance system stability.
- **Cavakil (Law Firm Website)**: Developed dynamic frontend-backend integrated modules including Showcase, Navbar, Trust, and About Us sections controlled via admin panel. Identified and fixed major and minor bugs to improve performance and user experience.
- **AVA CRM (SaaS CRM System)**: Worked on outbound and inbound integrations along with Meta and Apollo integrations. Conducted research on scalable database architecture for SaaS-based CRM systems to improve performance and extensibility.
- **HRMS (Human Resource Management System)**: Designed ER diagrams for the admin panel to structure and optimize database relationships. (Project Link)
- Built and maintained REST APIs, handled third-party integrations, and resolved production-level bugs across multiple systems.

PROJECTS

StudHive – Social Interface for College Updates

May 2025

GitHub Repository

- Built a full-stack web application using **React**, **Node.js**, **Express**, and **MongoDB** for sharing college news, events, and exam notifications.
- Implemented authentication, role-based access, search and filtering features with a responsive user interface.

TECHNICAL SKILLS

Languages: C, Java, JavaScript, SQL

Web: React.js, Node.js, Express.js, HTML, CSS, MERN Stack, Next.js

Databases: MongoDB, MySQL, PostgreSQL

Tools: Git, GitHub, VS Code

EDUCATION

Maharshi Dayanand University

2022 – 2026

Bachelor of Technology in Computer Science

Govt. Model Sanskriti School

2021 – 2022

Intermediate (Science) — 86%

CERTIFICATIONS & ACHIEVEMENTS

- Web Development Certification — Coding Blocks
- 50 Hours Vocational Training in Core Java, OOPs, and Data Structures — Kretivan Technologies
- Participated in College Project Exhibition (2024, 2025) presenting **Bus Manzil** and **StudHive**
